Fabien Castanier Gallery is proud to announce our special gallery location in Little River, located at 6629 NE 2nd Avenue. Join us for our first group exhibition, *TIME IS NOW*, which will feature work from a variety of artists, including: Speedy Graphito, JonOne, RERO, Mark Jenkins, Miaz Brothers, TILT, Jan Kaláb, Faith XLVII, Adam Beris, Doma, Aaron de la Cruz, Andrew Schoultz, Luke Newton, OX, Lady M, and Stuart Semple.

This new space is the second location for the Fabien Castanier Gallery in Miami, and while the first location which is located in Wynwood will house an on-going exhibition program, our Little River space will continue to present unique projects and alternative experiences. Showcased in this gallery will be solo and group exhibitions, immersive installations, special artist projects and collaborations, and experimental ventures with a stable of global and forward-thinking artists. *TIME IS NOW* will be a comprehensive preview into the future of our new location and the exciting evolution of this up-and-coming area.

Since founding his first art gallery in Paris and Corsica in 1998, for 20 years Fabien Castanier has continued to foster an international and cutting-edge approach to his gallery program. From France, to Los Angeles, Bogotá, and now Miami, he brings to the burgeoning art community in Little River a collection of artwork at the forefront of the contemporary landscape.
